COMPANY STRUCTURE

QHSE POLICY STATEMENT

Safety policy

No operation has priority above safety, health and environment and therefore this is a core responsibility throughout the organization.

Core values

The core values to operate and manage our vessels are:

- Safety first for man and environment
- Outstanding performance, even in challenging circumstances
- Our goal is to constantly improve our reputation as a premier
- Shipping company and to provide our services with integrity and
- Reliability aiming for zero incidents and zero spills.
- Through relevant training and information, we will ensure that all
- Our employees adhere to safe working practices
- ISM certified since 1998
- ISO 9001 compliant since 2020

ISM statistical analysis :

Seazip QHSE Accident Statistics 31-12-2021

The analysis of this year concerns 4 crew tenders and 1 survey vessel

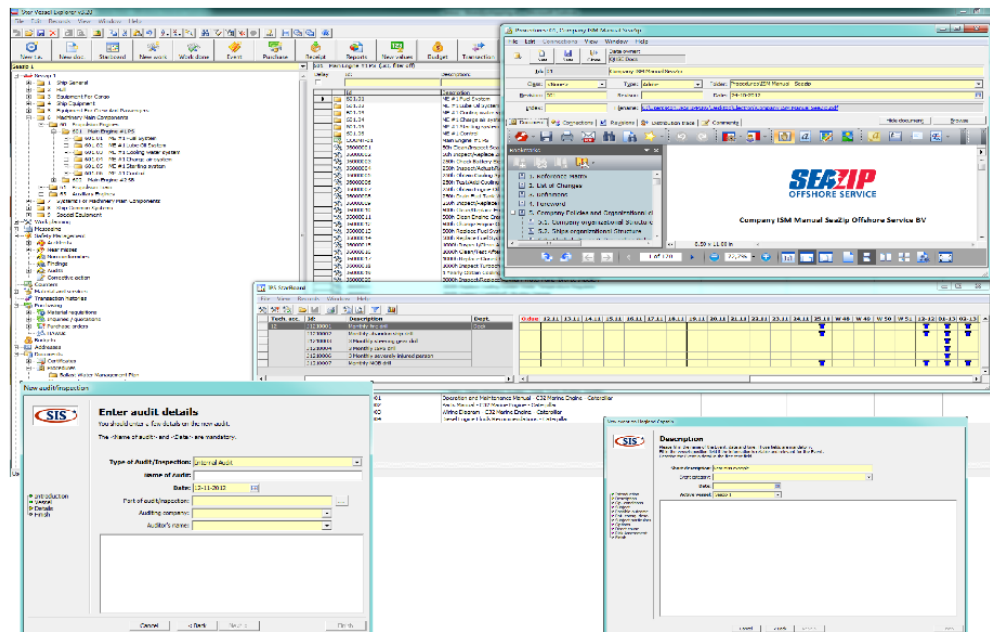

Yea	Vessels	total accidents	exposure 24hr	LWC	MTC	RWC	FAC	LTI	LTIF 1.000.000
2021	5	1	83664	0	1	0	1	0	0
2020	5	1	123600	0	0	0	0	0	0
2019	7	1	249336	0	1	1	1	0	0
2018	9	4	260016	0	2	0	0	0	0
2017	6	0	89256	0	0	0	1	0	0

QHSE SAFETY PLAN 2022

QHSE safety plan 2022

- Leadership and supervision, promoting a positive health and safety culture.
- Building competence by selection and training.
- Increase in-house management system training
- Decrease injuries by another 20 %
- Workgroup seafarers
- Corrective actions after audits from clients
- Continuously improving our star IPS fleet management system

R&D plan

- “The perfect fender” Developing with market specialist a new fender for the CTV market as part of prize-winning innovation award 2019
- “Emission free propulsion” Developing with market specialist emission free (low) propulsion systems such as H₂O, Battery power, Bio diesel etc
- “Remote monitoring” Testing of remote monitoring systems onboard our fleet
- “Autonomous sailing” Developing within a consortium of Dutch companies how to engineer, built and operate a autonomous vessel
- “H₂O pilot project” Developing within a consortium headed by Damen Shipyards and the port of Den Helder a pilot project for developing a workboat with H₂O propulsion
